JOB MODULE

Meet your virtual task planner

The job module auto-generates & monitors daily delivery & collection routes. Perfect for monitoring tasks, the job module has become an essential part of FMCG, trucking, delivery management, and waste collection businesses.

What's Job Planning?

Try effortless task assignment & monitoring

If you're still planning delivery routes for your crew manually—then you need to stop. The job module is designed to simplify scheduling, routing, and dispatching, so you can save precious business hours!

Configure job buffer times

Route deviation alerts

Optimized Routes

Job Module

Review previous jobs with the Playback feature

See checkpoint addresses

Review job start and end times

Stats for missed, upcoming, & visited points

Job Module

What's more?

# With us, you're choosing a powerful FM platform

Customized Scheduling

Job time limit and its recurrence can be set as per your business needs.
Choose from **relative**, **fixed**, and **automatic** scheduling types.

- Daily, weekly, monthly jobs
- Set route tolerance & halt times

Auto-generate Jobs

Tired of creating similar types of delivery/collection jobs again and again?
Let us help you! You can copy jobs from a **previous job** or a **historical route playback**.

- Add checkpoints from the map or address book
- Optimized routes

Job Reports

Your business runs on data

For complete transparency, monitor **jobs**, **fleets**, as well as your **drivers**—so you don't miss a single aspect of your business.

Job Summary

Meant for job-centric analytics, this report lets you know how well your crew is performing. Compare data points for greater productivity:

- Planned vs. missed checkpoints
- Jobs completed with /without issues
- Est. start & end times vs. actual ones

Driver's Job Summary

If you are a fleet manager, then this report is for you. After all, fleets run better with better drivers:

- Check on fleet & driver performance
- How much is each job costing you?
- Total no. of jobs completed with/without issues

Job Summary

Job Name	Total Jobs	Completed Without Issue	Completed With Issue	Failed	Total Alert
Daily Drop- 7625	22	0	0	22	0
Daily Pickup- 7625	26	0	0	26	0
Daily Drop- 7629	5	0	0	5	0
Daily Pickup- 7629	1	0	1	0	0

Driver's Job Summary

Driver	Distance	Total Job Cost	Allocated Job	Completed Without Issue	Completed With Issue	Failed
Adam Robert	222.07	0.00	1	0	22	21
Jason Mell	223.09	0.00	1	0	26	20
John Deo	224.07	0.00	2	0	5	1
Mackson	234.02	0.00	1	1	0	5
